

Shovel Knight

"Justice in Spades!"

The Enchantress

"You haven't the slightest hope of defeating me, but I won't stop you from trying... so please... Let us dance together into the abyss!"

King Knight

“Ah, look, the sniveling servant, here to wait on me. Hey, you! Servant! Yes, you! More chickens at once! Hahaha! Glamourous!”

Specter Knight

“This is no place for the living, mortal. You shall be summoned when it is your time. And everyone has a time...”

Plague Knight

“Everyone knows the bomb is mightier than the sword. Hahaha!”

Tinker Knight

"Ha! You may be a tool, but I am not. Time to make short work of you!"

Mole Knight

"You're out of your depth,
spelunker. Are you lost?"

Propeller Knight

"Surprised to see me here?
You should know, I'm far too
charming to be kept away for
too long, ho ho!"

Treasure Knight

"My gems... My vessel...
My ocean. Your very presence
tarnishes."

Shield Knight

"... let's fight together, like old times! Now... stay close to me!"

Percy

"Gently stroke her hair as you tenderly feed her some oats. Move slowly... Don't spook her!"

Black Knight

"As long as you pursue the Enchantress, I will pursue you."

Polar Knight

".... Hmph."
